

Certificate Program

TEACHING ASSISTANT

The Teaching Assistant Certificate allows students to meet the training Level III for Teaching Assistants established by New York State. Completion of the certificate will enable the graduate to assist the classroom teacher in public school settings, to provide direct instruction to students under the supervision of a New York State licensed educator, and to work with small groups of children in order to help the regular teacher discover the strengths and needs of the students in the use of various instructional resources. The course work can also be applied to the 64-credit hour Associate Degree in Early Childhood Education at Maria.

Day & Evening Sample Curriculum

Required Courses • Total Credits 25
