Lauren Wohlgemuth,
Practical Nurse Certificate Program

"I chose Maria for its reputation in nursing and their long-standing partnerships in healthcare."

Quick facts

- Prepares you for a career as a licensed practical nurse (LPN) after four semesters or about 16 months* of course work and clinicals.
- Weekend program is designed for working adults (nursing classes and off-site clinical experiences are scheduled every other weekend).
- Develop the knowledge and skills to provide direct nursing care in a variety of settings.
- You will receive college credits which may qualify you for advanced placement in AAS programs offered at Maria or other colleges. This will give you a head start towards a career as a RN.

**Note: these are nursing classes only. A transcript review will determine if you need other prerequisites in addition to the nursing classes. This could result in two additional terms of study (only evening course options are available).*
