

MARIA

COLLEGE

Strategic Initiative I: Governance, Organizational Culture and Leadership

Maria College will ensure that organizational behavior, culture and practices are consistent with the mission and identity of the institution. The College will ensure that there is a transparent and effective organizational structure with clear and concise policies and processes.

Strategic Initiative II: Institutional Effectiveness: Planning, Assessment and Data

Maria College will ensure that institutional renewal and effectiveness is informed by robust and reliable data systems and analysis. The College will ensure that planning and assessment are informed and driven by reliable data and evidence and that these processes guide institutional renewal.

Strategic Initiative III: Relevant Academic Programs

Maria College will ensure current academic programs are aligned to market needs and produce graduates who are both marketable and employable. Identify and launch new programs aligned to market needs and the mission of the institution.

Strategic Initiative IV: Student Success

Maria College will ensure integrated, holistic and effective provision of student support services to enhance the support, success and retention of students. Services will be focused on academic, personal and spiritual support to students congruent with the mission of the institution.

Strategic Initiative V: Stewardship of Financial Resources

Maria College will ensure that the mission of the institution is secure and sustainable through effective stewardship of financial and human resources, and assets.
